CAT6 SCREENED PATCHCORD RJ45-RJ45

46-9418 CAT6 SCREENED PATCHCORD RJ45-RJ45-1m-Grey

46-9438 CAT6 SCREENED PATCHCORD RJ45-RJ45-3m-Grey

46-9448 CAT6 SCREENED PATCHCORD RJ45-RJ45-5m-Grey

DESCRIPTION

Category 6 cable suitable for Gigabit Ethernet and other network protocols that are backward compatible with the Category 5/5e and Category 3 cable standards. Compared with Cat-5 and Cat-5e, Cat-6 features more stringent specifications for crosstalk and system noise. The cable standard provides performance of up to 250 MHz.

RJ45 patchcords fully compliant to Category 6 'component level' (as opposed to the lower 'channel level' performance that is found with some lower cost Category 6 patchcords). Connectors are fitted with shrouded ('snagless') moulded boots.
