

PLASTIC SURFACE BOXES

- 49-4401 PLASTIC SURFACE BOX 1 gang, 21mm deep
- 49-4402 PLASTIC SURFACE BOX 1 gang, 32mm deep
- 49-4403 PLASTIC SURFACE BOX 1 gang, 45mm deep
- 49-4404 PLASTIC SURFACE BOX 2 gang, 32mm deep
- 49-4405 PLASTIC SURFACE BOX 2 gang, 45mm deep

Surface mount, cost effective, plastic back boxes for a wide range of applications including connector mounting and mains power feeds. Manufactured in tough ABS, they are much less brittle than traditional electrical back boxes and, so, less prone to damage during installation.

Single gang variants are designed for use with 86mm x 86mm faceplates and are available in three depths (21mm, 32mm, and 45mm). Double gang variants accept 146mm x 86mm faceplates and are available in two depths (32mm and 45mm). Usable depth is 3mm less than the overall box depth. The standard colour for all variants is white featuring a selection of mounting holes for ease of installation. There are cable entry knockouts on all sides of the back box as well as the base for maximum installation flexibility.
