- 53-997** Microphone flag, triangular, black, 4 colour print
- 53-998** Microphone flag, triangular, black, 5 colour print

PRINTING REQUIREMENTS FOR MICROPHONE FLAGS

- (1) Orders can only be accepted in writing for this product. Camera ready artwork should be supplied, with colour separations for each colour, if a multi-colour print is required. A printed image, such as a letterhead, should only be used as a last resort if a high-definition print ("PMT," "bromide" or original artwork) cannot be supplied. Canford reserves the right to refuse to produce products from unsatisfactory artwork. Minimum order 10 pieces. Delivery normally 10-14 days from receipt of artwork.
- (2) Please quote Pantone reference numbers if possible. If these cannot be specified then Canford will endeavour to match, as near as possible, the example colours supplied against the nearest Pantone reference. Please note that without a Pantone reference an exact colour match cannot be guaranteed due to variations in substrate, formulas, reproduction etc. If information is not provided for complex 4-colour artwork on white or black flags Canford will quote for maximum unit cost.
- (3) Because the printing methods employed with these products are not conducive to small print and detail (i.e. less than 3mm high), customers should be aware of the final printed image size
- (4) If an order requires the mic. flag to be over-sprayed with another colour (note that this applies to white flags only) this will be added to the total number of colours, e.g. **53-984** over-sprayed becomes **53-985**. The maximum number of colours is 5.

(5) Further enquiries should be made to the Quality Control department (Tel: 0044 (0) 191 418 1172, Fax: 0044 (0) 191 418 1001, E-mail: QualityControl@Canford.co.uk.)

(6) Please ensure that you have read and understood all sections of this form. Please indicate which Microphone Flags you wish to order, complete the form below (this also authorizes the colour match) and return as indicated above. Upon receipt a member of the QC department will make contact to discuss requirements.

(7) Order requirements:

Part number: 53-_____ Quantity:_____ Over-sprayed YES/NO (Delete as appropriate)

Signature: _____ Print name: _____

Company: _____ Position: _____

Telephone no: _____ E-mail address: _____
