418 Series AV Presenters Lectern

Applications include Boards Rooms, Universities, Lecture theatres, Conference centres etc. Available as standard in 18U rack height, 610mm deep and are supplied fully assembled to reduce installation time.

The lecterns are constructed in veneered 19mm particle board and are finished with a pre-catalyst lacquer to a satin sheen. Standard features include 18U fully punched rack angles to the front of the unit, hinged lockable doors on quick-release hinges, medium duty castors, cable management to the top and base at the rear of the unit, sliding keyboard tray with wireless keyboard and ventilation slots to the gables.

A folding shelf is available as an optional extra (for additional cost).
