
PMSE clearing the 700 MHz band

PMSE equipment funding rate card

Version 1.0

Publication Date: 13 December 2018

Contents

Section

1. 700 MHz funding scheme rate card	3
-------------------------------------	---

Annex

A1. Rate card	4
---------------	---

1. 700 MHz funding scheme rate card

The rate card

- 1.1 We published the draft rate card on 23 August 2018 as part of our statement and consultation on the PMSE funding scheme.¹ That document invited stakeholders to review the draft rate card and to propose factual corrections where we either:
 - neglected to include a piece of equipment on the rate card that, under the criteria set out in that statement, should fall eligible for the scheme; or
 - misidentified the appropriate piece of replacement equipment.
- 1.2 We received comments on the draft from PMSE equipment manufacturers and stakeholders. Factual corrections which have been accepted are reflected in this revision of the PMSE equipment rate card.
- 1.3 We will update the rate card periodically to reflect further accepted corrections as the funding scheme progresses.
- 1.4 Nothing in the rate card constitutes an offer of funding to any individual or company and applications for funding will be assessed individually and on the basis of Ofcom and Government decisions and subject to the consent process.

Using the rate card

- 1.5 For each piece of equipment, the rate card includes the manufacturer, model number, comparable model, estimated replacement cost and funding available. Each item is given a unique reference number.
- 1.6 Equipment is listed alphabetically by manufacturer. Use the CTRL F function (search function) on your keyboard to search for particular equipment.

¹ PMSE clearing the 700 MHz band – support for PMSE equipment owners: <https://www.ofcom.org.uk/consultations-and-statements/category-1/support-pmse-equipment-owners>

A1. Rate card

Explanation of rate card headings

Manufacturer:	The brand of the equipment
Type:	The function of the equipment, e.g. transmitter, receiver, set
Model Number:	The manufacturer's naming/numbering of the equipment
Series:	The manufacturer's identification name or number for the equipment
Frequency/Banding:	What band/frequency the equipment tunes to
Comparable model:	Each item of eligible equipment has been allocated a current replacement model with equivalent functionality in order to provide an estimate of the replacement cost
Estimated replacement cost:	This is the estimated cost of replacing each item of equipment in 2017. The estimate is based on prices for equipment offering equivalent functionality
Funding available:	This is the amount of funding available to a claimant who submits their equipment to the scheme in March 2020. Claimants who submit earlier will receive a higher amount

The rate card

Manufacturer	Type	Model Number	Series	Frequency/Banding Requirement	Comparable Model	Estimated Replacement Cost	Funding Available	Rate Card ID
AKG	Handheld Transmitter	DHT700	DMS700	Band 2	DHT 800	£350.00	£210.00	11-001-77
AKG	Handheld Transmitter	DHT700 v2	DMS700	Band 2	DHT 800	£350.00	£210.00	11-002-39
AKG	Bodypack Transmitter	DPT700	DMS700	Band 2	DPT 800	£360.00	£216.00	11-003-02
AKG	Bodypack Transmitter	DPT700 V2	DMS700	Band 2	DPT 800	£360.00	£216.00	11-004-68
AKG	Receiver	DSR700	DMS700	Band 2	DSR 800	£1,335.00	£801.00	11-005-31
AKG	Receiver	DSR700 v2	DMS700	Band 2	DSR 800	£1,335.00	£801.00	11-006-93
AKG	Handheld Transmitter	DHT 800	DMS800	Band 2	Same model	£350.00	£210.00	11-007-57
AKG	Bodypack Transmitter	DPT 800	DMS800	Band 2	Same model	£360.00	£216.00	11-008-23
AKG	Receiver	DSR 800	DMS800	Band 2	Same model	£1,335.00	£801.00	11-009-84
AKG	Set	IVM4500 IEM Set	IVM4500	Band 3-A, Band 3-K, Band 4	Same model	£1,235.00	£741.00	11-010-48
AKG	Set	SPR4500 Set (rx only)	IVM4500	Band 3-A, Band 3-K, Band 4	Same model	£570.00	£342.00	11-011-14
AKG	IEM Transmitter	SST4500	IVM4500	Band 3-A, Band 3-K, Band 4	Same model	£645.00	£387.00	11-012-75
