

Canford WEEE Statement

The WEEE (Waste Electrical and Electronic Equipment) Directive aims to encourage producers of electrical and electronic equipment to design in an environmentally friendly way and to maximize the potential for recyclability or re-use of the product. The initial intent of the directive was to address the issue raised by the huge volume of consumer products which were discarded after a very short period of use due to fashion or technology changes, but is now deemed to apply to all producers of electrical and electronic equipment (with certain exemptions as defined in the text of the directive).

Canford Audio Limited is defined as a producer because we sell 'own brand' Electrical and Electronic Equipment (EEE) in the UK. This may or not be of our own manufacture, but is sold under the "Canford" brand. Also within the scope of the scheme are the "NEAL" brand interview recorders which are wholly manufactured by Canford in the UK.

Canford is compliant with the Waste Electrical & Electronic Equipment (WEEE) Regulations 2013, with Producer Registration Number: WEE/KG0116XU.

Canford is a member of the B2B Compliance scheme (Scheme Approval Number WEE/MP3338PT/SCH), which handles our WEEE obligations on our behalf. For further information, please contact B2B Compliance on 0333 300 1433

It is the responsibility of the user to dispose of WEEE in an environmentally friendly way. This can be done at a civil amenity site, an approved treatment facility or through a relevant compliance scheme.

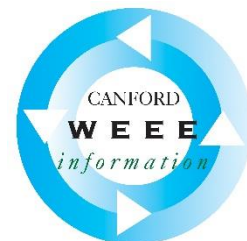

Canford obligated WEEE is defined as "Canford" or "NEAL" branded EEE and marked with a crossed wheelie bin and date bar, which denotes it falls within the scope of the regulation.

Items may be returned to Canford, addressed as follows, with a listing of the items in the shipment (with serial numbers where relevant) -

WEEE Recovery Department
Canford Audio Limited
Crowther Road
Washington
NE38 0BW

Alternatively, collection from customer premises can be arranged online at www.b2bcompliance.org.uk/collections

Canford has the responsibility to provide a service for our obligated WEEE. Our obligation is for Canford and NEAL branded equipment **only**.

Canford WEEE Statement

For any other WEEE, please consult the producer's compliance scheme for a free recovery of their obligated WEEE. Canford is not responsible for WEEE from other producers.

Signed on behalf of Canford Audio Limited

Alan Wilson,
Chief Executive Officer
